PACER Multifactor Authentication Requirement

To enhance system security, the Public Access to Court Electronic Records (PACER) system is transitioning to a multifactor authentication (MFA) process for account access. **To continue to electronically file with the Court, users must enroll in MFA before the end of 2025.** MFA will not be required for read-only access.

MFA is commonly used when accessing secure websites or applications (apps), such as those used by banks and workplaces. It adds an extra step to the log-in process for security, helping protect against cyberattacks that steal passwords, thereby significantly reducing the risk of unauthorized access.

Please go to <https://pacer.uscourts.gov/announcements> for instructions on how to set up MFA access for your account.

Questions should be directed to the PACER Service Center at pacer@psc.uscourts.gov or (800) 676-6856. The PACER Service Center hours of operation are Monday through Friday 9 a.m. to 7 p.m. EST.
